

AMENDMENTS TO THE SPECIFICATION

Please replace the paragraph at page 3, lines 12-18 of the application with the following paragraph rewritten in amendment format:

For clarity of explanation, the embodiments of the present invention are presented, in part, as comprising individual functional blocks. The functions represented by these blocks may be provided through the use of either shared or dedicated hardware (processors, memory, and the like), including, but not limited to, hardware capable of executing software, which may comprise computer executable instructions for instructing a processor to perform the function encoded on a computer-readable medium. The present invention is not limited to implementation by any particular set of elements, and the description herein is merely representational of one embodiment.
